

Run for Home Corporate Cup

Sponsors of the 2019 Run for Home will compete for the Run for Home Corporate Cup. The Corporate Cup will be a rotating trophy passed on to the cup winner each year and is designed to encourage fitness and volunteerism.

The format is simple – the sponsor who has the most participants and volunteers will win the cup.

The winner is determined by....

- Number of employees and immediate family members (spouse, children) who register for a Run for Home Event and identify themselves with the special sponsor code during registration. The code is also used for a 25% discount on the usual registration fee for all events except the one-mile fun run.
- Number of employees and immediate family members (spouse, children) who register as volunteers, identify themselves with the special sponsor code, and report in race weekend to work at their volunteer assignment. Volunteers will be able to register on-line using the same system as race participants.

The winner of the Run for Home Corporate Cup will be recognized following race weekend on our website, social media, and press releases. The winner will receive a trophy to display for the upcoming year.
